## Dr. Rob Berube

Dr. Rob Berube is the energetic founder and idea generator behind 5thPort.

He is a board certified oral and maxillofacial surgeon in Augusta, Maine who received his oral and maxillofacial surgical training at Yale-New Haven Hospital – Saint Raphael Campus in association with the Yale University School of Medicine.

He served as Chief Resident in Oral and Maxillofacial Surgery from 1991-92. He is a Diplomat of the American Board of Oral and Maxillofacial Surgery and a Fellow of the American Association of Oral and Maxillofacial Surgery.

# Jon Villasurda

Jon Villasurda is a state assistant administrator to the senior deputy director in the MDHHS Behavioral Health and Developmental Disabilities Administration (BHDDA).

His primary duties include strategic initiative development and implementation, spending plan and budget oversight, IT project strategy, and policy/legislative analyses.

Jon also leads BHDDA's Medicaid Health Home initiatives, Michigan's CMS CCBHC Demonstration, the development of the Michigan Crisis and Access Line (MiCAL), serves as project director for Michigan's Promoting the Integration of Primary and Behavioral Healthcare grant with SAMHSA, and provides oversight to Michigan's 1115 Behavioral Health Demonstration and the SUD 1003 Demonstration Project. Prior to joining BHDDA,

Jon served as a policy analyst with the MDHHS Medical Services Administration (MSA) for two years. In this role, he managed the evaluation activities of Michigan's 1115 Waiver for Medicaid expansion, the Healthy Michigan Plan. He also helped lead the development of MDHHS' primary care Medicaid Health Home, the MI Care Team.

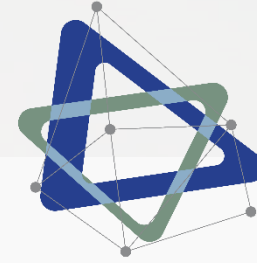

Jon holds a bachelor of science in psychology and an master of public health in health management and policy from the University of Michigan.

## Joe Saul

Joe Saul began his career by working on implementation of the HIPAA Privacy and Security Rules for the University of Michigan Health System. He then served as the Chief Security Officer of Truven Health Analytics (previously the Healthcare Business of Thomson Reuters), with overall responsibility for the privacy and security of over 200 million lives' worth of health data. Among Truven's clients were several state HIEs. Following Truven's acquisition by IBM for their Watson Health unit, Joe oversaw the safe transition of the data into the larger IBM entity and shifted his primary focus to privacy, including issues such as usage rights and de-identification of data.

Joe has a J.D. from the University of Michigan Law School, as well as the Certified Information Systems Security Professional (CISSP), Certified Information Privacy Manager (CIPM), and Certified Information Privacy Professional – Europe (CIPP/E) certifications and is recognized as a Fellow of Information Privacy (FIP). He has extensive experience with legal and regulatory issues related to data privacy and security, both within and outside the United States.
