

Durable Power of Attorney for Health care (Patient Advocate Designation)

Introduction

This document provides a way for you to create a Durable Power of Attorney for Healthcare (Patient Advocate Designation) and other documentation that will meet the basic requirements for this state. This Advance Directive (AD) allows you to appoint a person (and alternates) who shall take reasonable steps to follow the desires and instructions indicated within this document, or in other written or spoken treatment preferences.

The person you appoint is called your **Patient Advocate**. This document gives your consent to allow your Patient Advocate to make decisions only when two physicians, or a physician and a licensed psychologist, have determined you are unable to make your own decisions. Every resident age 18 and over should appoint a Patient Advocate, as accidents can happen to anyone, at any time.

Note: This AD does not give your Patient Advocate permission to make your financial or other business decisions.

Before completing this document, take time to read it carefully. **It is also important that you discuss your views, your values, and this document with your patient Advocate(s).** If you do not closely involve your Patient Advocate(s), and do not make a clear plan together, your views and values may not be fully followed because they will not be understood.

This document was developed to meet the legal requirements of Michigan. It is not designed to replace the counsel of your attorney.

This is an Advance Directive for (print legibly):

My Patient Advocate

When either two physicians or a physician and licensed psychologist determine I am unable to make health care decisions, this document names the person(s) I have chosen to be my Patient Advocate(s). They shall take reasonable steps to carry out my treatment preferences. I understand that it is important to regularly talk with my Patient Advocate(s) about my health and treatment preferences. I hereby give my Patient Advocate(s) permission to share a copy of this document with other doctors, hospitals and health care providers that provide my medical care.

 Based on my expressed religious beliefs, I would prohibit having an examination for determination to participate in medical decision- making by a doctor, licensed psychologist or another medical professional. Instead, I request the determination for incapacity be made in the following manner:

□ If I leave this section blank, I am leaving the evaluation decision to my Patient Advocate(s)

(NOTE: If your wishes change, you may revoke your Patient Advocate Designation at any time and in any manner sufficient to communicate an intent to revoke. It is recommended that you complete a new Advance Directive and give it to everyone who has a previous copy).
